Dear Dedicated Investor,

I've got some exciting news...

That I'm confident could **prove extremely profitable to you** in these times of conflicting market headlines and wild economic predictions...

You see, Jeff Fischer and Jim Gilles -- the savvy traders who have a **stunning 96.7% combined success rate** for our invitation-only *Motley Fool Options* service -- just put the finishing touches on an in-depth options trading guide...

Which shows you **how you can easily use options to protect -- and help grow -- your money no matter where the market heads from here**. And will walk you step-by-step through...

- How to limit your potential losses, and still make a bundle on a falling stock by buying puts...
- 4 reasons to buy calls... hint: juicing your returns & minimizing risk is just one of them!
- 3 secrets to pocketing immediate and substantial amounts of cash when you sell covered calls...
- How to trade 'synthetic longs' like a pro (a strategy for when you're confident about a particular stock but don't want to pony up the cash)...
- Everything you need to know to 'buy straddles' and 'write straddles'...

They've also put together a series of videos that will explain exactly when, how, and why to use the strategies revealed in their **"Options Insider" Playbook**...

And are organizing a live, interactive Q&A session where you can ask the *Motley Fool Options* team anything you want about their highly successful trading strategies.

Some investors gladly pay as much as \$999 per year for insider access to cutting-edge wealth building services like these...

"Great results..."

"I've followed your options instructions and recommendations... and have been exceedingly pleased with the results! Thanks for your great work!"

-- M.M., Stillwater, OK

"Such a valuable service."

"I am simply amazed. Thank you for such a valuable service."

-- N. Rajan, Simi Valley, CA

"84% gain in 3 weeks..."

"I closed my NVDA covered call option at a 84% gain in 3 weeks!!! I would never ever thought about using options in my years of investing if it wasn't for Jeff and Jim. Thanks guys."

-- S.S. Melrose Park, IL
